## SAFETY DATA SHEET

Page 1 of 5

Revision number: 3  
Revision date: 11/10/2015

### 1. IDENTIFICATION

**Product name:** Bis(2-ethylhexyl) Isophthalate  
**Product code:** B4302

**Product use:** For laboratory research purposes.  
**Restrictions on use:** Not for drug or household use.

**Company:**  
TCI America  
9211 N. Harborside Street  
Portland, OR 97203 U.S.A.  
**Telephone:**  
+1-800-423-8616 / +1-503-283-1681  
**Fax:**  
+1-888-520-1075 / +1-503-283-1987  
**e-mail:**  
sales-US@TCIchemicals.com  
www.TCIchemicals.com

**Emergency telephone number:**  
**Chemical Emergencies:**  
TCI America (8:00am - 5:00pm) PST  
+1-503-286-7624  
**Transportation Emergencies:**  
Chemtrec 24-Hour  
+1-800-424-9300 (U.S.A.)  
+1-703-527-3887 (International)  
**Responsible department:**  
TCI America  
Environmental Health Safety and Security  
+1- 503-286-7624

### 2. HAZARD(S) IDENTIFICATION

**OSHA Haz Com: CFR 1910.1200:** Not classifiable

**Signal word:** None

**Hazard Statement(s):** None

**Pictogram(s) or Symbol(s):** None

**Precautionary Statement(s):** None

**Hazards not otherwise classified: [HNOC]** Causes mild skin irritation.

**Supplementary Information:** While this material is not classified as hazardous under OSHA, this SDS contains valuable information critical to safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

**Substance/Mixture:** Substance  
**Components:** Bis(2-ethylhexyl) Isophthalate  
**Percent:** >98.0%(GC)  
**CAS Number:** 137-89-3  
**Molecular Weight:** 390.56  
**Chemical Formula:** C<sub>24</sub>H<sub>38</sub>O<sub>4</sub>  
**Synonyms:** Isophthalic Acid Bis(2-ethylhexyl) Ester

### 4. FIRST-AID MEASURES

**Inhalation:** If a person breathes large amounts of this chemical, move the exposed person to fresh air at once.  
**Skin contact:** If a person feels unwell or symptoms of skin irritation appear, consult a physician.  
**Eye contact:** No information available.  
**Ingestion:** Not applicable.

**Symptoms/effects:**

**Acute:** No data available

**4. FIRST-AID MEASURES**

Delayed: No data available

Immediate medical attention: No information available.

**5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media: Not available

**Specific hazards arising from the chemical**

Hazardous combustion products: None

Other specific hazards: Closed containers may explode from heat of a fire.

**Special precautions for fire-fighters:**

Not available

**Special protective equipment for fire-fighters:**

Not available

**6. ACCIDENTAL RELEASE MEASURES**

Personal precautions: Do not touch damaged containers or spilled material unless wearing appropriate protective clothing (Section 8).

Personal protective equipment: Safety glasses.

Emergency procedures: In case of a spill and/or a leak, always shut off any sources of ignition, ventilate the area, and exercise caution.

**Methods and materials for containment and cleaning up:**

Dike far ahead of liquid spill for later disposal.

**Environmental precautions:**

Prevent entry into sewers, basements or confined areas.

**7. HANDLING AND STORAGE**

Precautions for safe handling: Follow safe industrial hygiene practices and always wear proper protective equipment when handling this compound.

Conditions for safe storage: Keep container tightly closed in a dry and well-ventilated place.

Storage incompatibilities: Store away from oxidizing agents

**8. EXPOSURE CONTROLS / PERSONAL PROTECTION**

Exposure limits: No data available

**Appropriate engineering controls:**

Not available.

**Personal protective equipment**

Respiratory protection: Be sure to use a MSHA/NIOSH approved respirator or equivalent.

Hand protection: Wear protective gloves.

Eye protection: Safety glasses.

Skin and body protection: Lab coat.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

Physical state (20°C): Liquid

Form: Clear

Color: Colorless - Almost colorless

Odor: No data available

Odor threshold: No data available

**9. PHYSICAL AND CHEMICAL PROPERTIES**

|                                                                        |                               |                                                  |                   |

Solubility(ies):

**10. STABILITY AND REACTIVITY**

|                                            |                                                              |
|--------------------------------------------|--------------------------------------------------------------|
| <b>Reactivity:</b>                         | Not Available.                                               |
| <b>Chemical Stability:</b>                 | Stable under recommended storage conditions. (See Section 7) |
| <b>Possibility of Hazardous Reactions:</b> | No hazardous reactivity has been reported.                   |
| <b>Conditions to avoid:</b>                | Avoid excessive heat and light.                              |
| <b>Incompatible materials:</b>             | Oxidizing agents                                             |
| <b>Hazardous Decomposition Products:</b>   | No data available                                            |

**11. TOXICOLOGICAL INFORMATION**

RTECS Number: NT2050000

**Acute Toxicity:**

ori-rat LD50:17300 uL/kg

skn-rbt LD50:7940 uL/kg

**Skin corrosion/irritation:**

skn-rbt 500 mg open MLD

**Serious eye damage/irritation:**

No data available

**Respiratory or skin sensitization:**

No data available

**Germ cell mutagenicity:**

No data available

**Carcinogenicity:**

No data available

**IARC:** No data available**NTP:** No data available**OSHA:** No data available**Reproductive toxicity:**

No data available

**Routes of Exposure:**

Inhalation, Eye contact, Ingestion.

**Symptoms related to exposure:**

Skin contact may result in redness, pain or dry skin.

**Potential Health Effects:**

Skin and eye contact may result in irritation.

**Target organ(s):**

No data available

**12. ECOLOGICAL INFORMATION****Ecotoxicity****Fish:**

No data available

**Crustacea:**

No data available

**12. ECOLOGICAL INFORMATION**

**13. DISPOSAL CONSIDERATIONS**

|                        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Disposal of product:   | Recycle to process if possible. It is the generator's responsibility to comply with Federal, State and Local rules and regulations. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. This section is intended to provide assistance but does not replace these laws, nor does compliance in accordance with this section ensure regulatory compliance according to the law. US EPA guidelines for Identification and Listing of Hazardous Waste are listed in 40 CFR Parts 261. |
| Disposal of container: | Dispose of as unused product.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| Other considerations:  | Observe all federal, state and local regulations when disposing of the substance.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |

**14. TRANSPORT INFORMATION**

|                 |                                   |
|-----------------|-----------------------------------|
| <u>DOT (US)</u> | Non-hazardous for transportation. |
| <u>IATA</u>     | Non-hazardous for transportation. |
| <u>IMDG</u>     | Non-hazardous for transportation. |

**15. REGULATORY INFORMATION****Toxic Substance Control Act (TSCA 8b.):**

This product is ON the EPA Toxic Substances Control Act (TSCA) inventory.

**US Federal Regulations****CERCLA Hazardous substance and Reportable Quantity:**

|           |            |

**16. OTHER INFORMATION**

Revision date: 11/10/2015

Revision number: 3

**16. OTHER INFORMATION**

TCI chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
