

SECTION 1: CHEMICAL PRODUCT and COMPANY IDENTIFICATION

Catalog No.
L09927

Product Name: **Hydrazine dihydrobromide dihydrate, 97%**
Manufacturer/Supplier Name: Alfa Aesar - A Johnson Matthey Company
Address: 30 Bond St.
Ward Hill, MA 01835
Business Phone: 978-521-6300
Business Fax: 978-521-6350
For information
in North America, call: 978-521-6300

CHEMTREC Numbers:**For emergencies in the US, call CHEMTREC: 800-424-9300****For emergencies outside US, call INTERNATIONAL: (703)527-3887****For Nonemergency, call: (800)262-8200**[To Top of page](#)

SECTION 2 : COMPOSITION, INFORMATION ON INGREDIENTS

Catalog No. L09927

Chemical Name Hydrazine dihydrobromide dihydrate
CAS# 23268-00-0
% Weight (Typical) 97

[To Top of page](#)

SECTION 3 : HAZARDS IDENTIFICATION

Catalog No. L09927

Emergency Overview: Toxic. Environmental Hazard.

Hydrazine dihydrobromide dihydrate:

Route of Exposure: Eyes. Skin. Inhalation. Ingestion.

Potential Health Effects:

Eye Contact: May cause severe irritation to the eyes and mucous membranes.
Skin Contact: May cause skin irritation. Possible skin sensitiser.
Inhalation: Dust may be irritating to the respiratory system.
Ingestion: Toxic by ingestion.
Target Organs: Eyes. Skin. Respiratory system. G.I. Tract.

[To Top of page](#)

SECTION 4 : FIRST AID MEASURES

Catalog No. L09927

Eye Contact: Immediately flush eyes with plenty of water for at least 20 minutes. Assure adequate flushing of the eyes by separating the eyelids with fingers. Get immediate medical attention if irritation persists, or symptoms of overexposure become apparent.

Skin Contact: Immediately wash skin with plenty of water for at least 20 minutes, while removing contaminated clothing and shoes. Get medical attention especially, if irritation develops, persists, or symptoms of overexposure become apparent.

Inhalation: Remove to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Keep warm. Get immediate medical attention.

Ingestion: If swallowed, call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Do not induce vomiting unless instructed by medical personnel. Get medical attention.

SECTION 5 : FIRE FIGHTING MEASURES

Catalog No. L09927

Flash Point:	No data
Extinguishing Media:	Use water, dry powder or carbon dioxide extinguishers when fighting fires involving this material alone. If other materials are present, use an extinguisher suitable for the surrounding fire.
Protective Equipment:	As in any fire, wear self-contained breathing apparatus pressure-demand, NIOSH (approved or equivalent) and full protective gear.

[To Top of page](#)

SECTION 6 : ACCIDENTAL RELEASE MEASURES

Catalog No. L09927

Personal Precautions:	Use proper personal protective equipment as listed in section 8.
Spill Cleanup Measures:	Clean up spills immediately, observing precautions in the Protective Equipment section. Sweep up or absorb material, then place into a suitable clean, dry, closed container. Avoid generating dusty conditions. Refer to section 13 for disposal requirements.
Environmental Precautions:	Do not allow material to enter drains or streams.

[To Top of page](#)

SECTION 7 : HANDLING and STORAGE

Catalog No. L09927

Handling:	This product should be handled only by, or under the close supervision of, those properly qualified in the handling and use of potentially hazardous chemicals, who should take into account the fire, health and chemical hazard data. It should always be handled in an efficient fume hood or equivalent system. The user should consider that the toxicological and physiological properties of many compounds are not yet well determined and that new hazardous products may arise from reactions between chemicals. Care should be taken to prevent any chemical from coming into contact with the skin or eyes and from contaminating personal clothing.
Storage:	Store in a cool, dry, well ventilated area away from sources of heat and incompatible substances. Keep container tightly closed when not in use.
Hygiene Practices:	Wash thoroughly after handling. Avoid contact with eyes and skin. Avoid inhaling dust.

SECTION 8 : EXPOSURE CONTROLS, PERSONAL PROTECTION

Catalog No. L09927

Engineering Controls:	Use appropriate engineering control such as process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Where such systems are not effective wear suitable personal protective equipment, which performs satisfactorily and meets OSHA or other recognized standards. Consult with local procedures for selection, training, inspection and maintenance of the personal protective equipment.
Skin Protection Description:	Wear suitable protective clothing to prevent contact with skin.
Hand Protection Description:	Wear appropriate protective gloves. Consult glove manufacturers for glove permeability data.
Eye/Face Protection:	Wear appropriate protective glasses or splash goggles as described by 29 CFR 1910.133, OSHA eye and face protection regulation, or the European standard EN 166.
Respiratory Protection:	A NIOSH approved air-purifying respirator with an appropriate cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited to airborne concentrations that are typically within 10 times the exposure limit. Use a positive pressure air supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection. A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirators use.
Other Protective:	Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower.

SECTION 9 : PHYSICAL and CHEMICAL PROPERTIES

Catalog No. L09927

Physical State/Appearance:	Solid
Color:	White
Flash Point:	No data
Boiling Point:	No data
Melting Point:	No data
Solubility in Water:	Soluble
Density:	No data
Molecular Formula:	H ₆ Br ₂ N ₂ ·2H ₂ O
Molecular Weight:	229.91

SECTION 10 : STABILITY and REACTIVITY

Catalog No. L09927

Conditions to Avoid:	High temperatures, flames and sparks.
Incompatibilities with Other Materials:	Oxidizing agents, including hydrogen peroxide, nitric acid & nitrates, permanganates, chromium trioxide, chromates & dichromates, chlorates, perchlorates, heavy metal oxides (mercury, copper, lead).
Possible Decomposition Product:	Oxides of nitrogen. Hydrogen bromide.

SECTION 11 : TOXICOLOGICAL INFORMATION

Catalog No. L09927

Hydrazine dihydrobromide dihydrate :

Eye Effect:	No data reported in the cited references as of the revision date.
Skin Effects:	No data reported in the cited references as of the revision date.
Ingestion Effects:	Oral - rat LD50: 60 mg/kg (RTECS data for hydrazine free base).
Inhalation Effects:	No data reported in the cited references as of the revision date.
Carcinogenicity:	Animal carcinogenicity (free base): sufficient evidence. (Supplier data)

[To Top of page](#)

SECTION 12 : ECOLOGICAL INFORMATION**Catalog No. L09927**

Ecotoxicity:	EC5 Pseudomonas putidia 19 ug/L/16H. IC50 Selenastrum capricornutum 1 ug/L/72H. EC/IC50 Daphnia magna 81 ug/L/24H. LC50 Lepomis macrochirus 43 ug/L/96H. Very toxic to all aquatic organisms.
Bioaccumulation:	Not observed to bioaccumulate and/or bioconcentrate in aquatic organisms.
Biodegradation:	No data reported on specific compound, cf. hydrazine hydrate: Readily biodegradable in soil and water at <1 mg/L. Readily photodegradable in polluted and unpolluted atmospheres, respective half-lives up to 60 minutes.
Environmental Stability:	Expected to be persistent in the environment at high concentrations.

[To Top of page](#)

SECTION 13 : DISPOSAL CONSIDERATIONS**Catalog No. L09927**

Waste Disposal:	Consult with the US EPA Guidelines listed in 40 CFR Part 261.3 for the classifications of hazardous waste prior to disposal. Furthermore, consult with your state and local waste requirements or guidelines, if applicable, to ensure compliance. Arrange disposal in accordance to the EPA and/or state and local guidelines, by a licensed disposal company.

SECTION 14 : TRANSPORT INFORMATION**Catalog No. L09927**

DOT Shipping Name:	Toxic solid, inorganic, n.o.s. (Hydrazine dihydrobromide dihydrate)
DOT Hazard Class:	6.1
DOT Identification Number:	UN3288
DOT Packing Group:	II
DOT Subpart E Labeling Requirement:	6.1

[To Top of page](#)

SECTION 15 : REGULATORY INFORMATION**Catalog No. L09927****Hydrazine dihydrobromide dihydrate :****TSCA 8(b): Inventory Status:** Listed on the TSCA inventory.

Risk Phrases: R45 May cause cancer.
R23/24/25 Toxic by inhalation, in contact with skin and if swallowed.
R43 May cause sensitization by skin contact.
R50/53 Very toxic to aquatic organisms, may cause long term adverse effects in the environment.

Safety Phrase: S53 Avoid exposure obtain special instructions before use.
S45 In case of accident or if you feel unwell, seek medical advice immediately
S60 This material and its container must be disposed of as hazardous waste.
S61 Avoid release to the environment. Refer to special instructions/Safety data sheets.

MSDS Preparation Date: January 1, 2002, Version 1

MSDS Revision Date: April 14, 2003.

MSDS Author: Actio Corporation.

Disclaimer:

This Health and Safety Information is correct to the best of our knowledge and belief at the date of its publication but we cannot accept liability for any loss, injury or damage which may result from its use. We shall ensure, so far as is reasonably practicable, that any revision of this Data Sheet is sent to all customers to whom we have directly supplied this substance, but must point out that it is the responsibility of any intermediate supplier to ensure that such revision is passed to the ultimate user. The information given in the Data Sheet is designed only as a guidance for safe handling, storage and the use of the substance. It is not a specification nor does it guarantee any specific properties. All chemicals should be handled only by competent personnel, within a controlled environment. Should further information be required, this can be obtained through the sales office whose address is at the top of this data sheet. We welcome any additional information about our products that customers have obtained by personal experience.
