

## 1 Identification

### Product identifier

**Product name:** 2,5-Bis(trifluoromethyl)aniline

**Stock number:** L14706

**CAS Number:**

328-93-8

**Relevant identified uses of the substance or mixture and uses advised against.**

**Identified use:** SU24 Scientific research and development

### Details of the supplier of the safety data sheet

#### Manufacturer/Supplier:

Alfa Aesar

Thermo Fisher Scientific Chemicals, Inc.

30 Bond Street

Ward Hill, MA 01835-8099

Tel: 800-343-0660

Fax: 800-322-4757

Email: tech@alfa.com

www.alfa.com

**Information Department:** Health, Safety and Environmental Department

#### Emergency telephone number:

During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.

## 2 Hazard(s) identification

### Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)

GHS06 Skull and crossbones

Acute Tox. 3 H331 Toxic if inhaled.

GHS08 Health hazard

STOT RE 2 H373 May cause damage to the liver, the blood and the endocrine system through prolonged or repeated exposure. Route of exposure: Oral, Inhalative.

GHS07

Acute Tox. 4 H302 Harmful if swallowed.

Acute Tox. 4 H312 Harmful in contact with skin.

Skin Irrit. 2 H315 Causes skin irritation.

Eye Irrit. 2A H319 Causes serious eye irritation.

H227 Combustible liquid.

**Hazards not otherwise classified** No information known.

### Label elements

**GHS label elements** The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS)

### Hazard pictograms

GHS06 GHS08

### Signal word

Danger

### Hazard statements

H227 Combustible liquid.

H302+H312 Harmful if swallowed or in contact with skin.

H331 Toxic if inhaled.

H315 Causes skin irritation.

H319 Causes serious eye irritation.

H373 May cause damage to the liver, the blood and the endocrine system through prolonged or repeated exposure. Route of exposure: Oral, Inhalative.

### Precautionary statements

P210 Keep away from heat/sparks/open flames/hot surfaces. No smoking.

P260 Do not breathe dust/fume/gas/mist/vapours/spray.

P261 Avoid breathing dust/fume/gas/mist/vapours/spray.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P405 Store locked up.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

### WHMIS classification

B3 - Combustible liquid

D1B - Toxic material causing immediate and serious toxic effects

D2B - Toxic material causing other toxic effects

### Classification system

HMIS ratings (scale 0-4)

(Hazardous Materials Identification System)

HEALTH 2 Health (acute effects) = 2

FIRE 2 Flammability = 2

REACTIVITY 1 Physical Hazard = 1

### Other hazards

### Results of PBT and vPvB assessment

PBT: Not applicable.

| <b>Information on toxicological effects</b>                                                                                                     |  |
| <b>Acute toxicity:</b>                                                                                                                          |  |
| Harmful in contact with skin.                                                                                                                   |  |
| Harmful if swallowed.                                                                                                                           |  |
| Toxic if inhaled.                                                                                                                               |  |
| Danger through skin absorption.                                                                                                                 |  |
| <b>LD/LC50 values that are relevant for classification:</b> No data                                                                             |  |
| <b>Skin irritation or corrosion:</b> Causes skin irritation.                                                                                    |  |
| <b>Eye irritation or corrosion:</b> Causes serious eye irritation.                                                                              |  |
| <b>Sensitization:</b> No sensitizing effects known.                                                                                             |  |
| <b>Germ cell mutagenicity:</b> No effects known.                                                                                                |  |
| <b>Carcinogenicity:</b> No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. |  |
| <b>Reproductive toxicity:</b> No effects known.                                                                                                 |  |
| <b>Specific target organ system toxicity - repeated exposure:</b>                                                                               |  |
| May cause damage to the liver, the blood and the endocrine system through prolonged or repeated exposure. Route of exposure: Oral, Inhalative.  |  |
| <b>Specific target organ system toxicity - single exposure:</b> No effects known.                                                               |  |
| <b>Aspiration hazard:</b> No effects known.                                                                                                     |  |
| <b>Subacute to chronic toxicity:</b> No effects known.                                                                                          |  |
| <b>Additional toxicological information:</b> To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.  |  |
