

SECTION 1: CHEMICAL PRODUCT and COMPANY IDENTIFICATION

Catalog No.
L14204

Product Name: **Antimony(V) fluoride, 98%**
Synonyms: Antimony pentafluoride

Manufacturer/Supplier Name: Alfa Aesar - A Johnson Matthey Company
Address: 30 Bond St.
Ward Hill, MA 01835

Business Phone: 978-521-6300
Business Fax: 978-521-6350

For information in North America, call: 978-521-6300

CHEMTREC Numbers:
For emergencies in the US, call CHEMTREC: 800-424-9300
For emergencies outside US, call INTERNATIONAL: (703)527-3887
For Nonemergency, call: (800)262-8200

SECTION 2 : COMPOSITION, INFORMATION ON INGREDIENTS

Catalog No. L14204

Chemical Name Antimony(V) fluoride
CAS# 7783-70-2
% Weight (Typical) 98

SECTION 3 : HAZARDS IDENTIFICATION

Catalog No. L14204

Emergency Overview: Corrosive. Toxic. Water reactive. Environmental Hazard.

Antimony(V) fluoride:

Route of Exposure: Eyes. Skin. Inhalation. Ingestion.

Potential Health Effects:

Eye Contact: Corrosive, contact causes severe eye burns which may result in permanent tissue and corneal damage.

Skin Contact: Corrosive causes skin burns and severe irritation.

Inhalation: Corrosive. Expected to be toxic or very toxic by inhalation. Strongly irritating to the respiratory tract. Risk of pulmonary edema.

Ingestion: Likely to be toxic or harmful if swallowed. Corrosive substance: risk of serious internal injury if ingested.

Target Organs: Eyes. Skin. Respiratory system. G.I. Tract. Liver. Kidney.

SECTION 4 : FIRST AID MEASURES**Catalog No. L14204**

Eye Contact:	Immediately flush eyes with plenty of water for at least 20 minutes. Assure adequate flushing of the eyes by separating the eyelids with fingers. Get immediate medical attention if irritation persists, or symptoms of overexposure become apparent.
Skin Contact:	Immediately wash skin with plenty of water for at least 20 minutes, while removing contaminated clothing and shoes. Get medical attention especially, if irritation develops, persists, or symptoms of overexposure become apparent.
Inhalation:	Remove to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Keep warm. Get immediate medical attention.
Ingestion:	If swallowed, call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Do not induce vomiting unless instructed by medical personnel. Get medical attention.
Other First Aid:	Exposures require specialized first aid with contact and medical follow-up. Symptoms of exposures may be delayed.

SECTION 5 : FIRE FIGHTING MEASURES**Catalog No. L14204**

Fire:	Material is non-combustible but can react violently with water.
Flash Point:	No data
Extinguishing Media:	Use dry powder or carbon dioxide when fighting a fire involving this material.
Unsuitable Media:	Water extinguishers are not recommended.
Protective Equipment:	As in any fire, wear self-contained breathing apparatus pressure-demand, NIOSH (approved or equivalent) and full protective gear.

[To Top of page](#)

SECTION 6 : ACCIDENTAL RELEASE MEASURES**Catalog No. L14204**

Personal Precautions:	Use proper personal protective equipment as listed in section 8.
Spill Cleanup Measures:	Clean up spills immediately, observing precautions in the Protective Equipment section. Absorb spill with dry inert material such as dry sand, earth, or vermiculite, then place in suitable container. Do not expose spill to water. Refer to section 13 for proper disposal.
Environmental Precautions:	Do not allow material to enter drains or streams.

SECTION 7 : HANDLING and STORAGE**Catalog No. L14204**

Handling:	This product should be handled only by, or under the close supervision of, those properly qualified in the handling and use of potentially hazardous chemicals, who should take into account the fire, health and chemical hazard data. It should always be handled in an efficient fume hood or equivalent system. The user should consider that the toxicological and physiological properties of many compounds are not yet well determined and that new hazardous products may arise from reactions between chemicals. Care should be taken to prevent any chemical from coming into contact with the skin or eyes and from contaminating personal clothing.
Storage:	Store in a cool, dry, well ventilated area away from sources of heat, combustible materials, and incompatible substances. Keep container tightly closed when not in use. Product is moisture sensitive.
Hygiene Practices:	Wash thoroughly after handling. Avoid contact with eyes and skin. Avoid inhaling vapor or mist.

[To Top of page](#)

SECTION 8 : EXPOSURE CONTROLS, PERSONAL PROTECTION**Catalog No. L14204**

Engineering Controls:	Use appropriate engineering control such as process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Where such systems are not effective wear suitable personal protective equipment, which performs satisfactorily and meets OSHA or other recognized standards. Consult with local procedures for selection, training, inspection and maintenance of the personal protective equipment.
Skin Protection Description:	Wear suitable protective clothing to prevent contact with skin.
Hand Protection Description:	Wear appropriate protective gloves. Consult glove manufacturers for glove permeability data.
Eye/Face Protection:	Wear appropriate protective glasses or splash goggles as described by 29 CFR 1910.133, OSHA eye and face protection regulation, or the European standard EN 166.
Respiratory Protection:	A NIOSH approved air-purifying respirator with an appropriate cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited to airborne concentrations that are typically within 10 times the exposure limit. Use a positive pressure air supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection. A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirator's use.
Other Protective:	Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower.

SECTION 9 : PHYSICAL and CHEMICAL PROPERTIES**Catalog No. L14204**

Physical State/Appearance:	Liquid
Color:	Colorless
Odor:	Acrid
Vapor Density:	2.2
Flash Point:	No data
Boiling Point:	148-150°C (298.4-302°F)
Melting Point:	7°C (44.6°F)
Solubility in Water:	Decomposes
Density:	2.993
Dynamic Viscosity:	0.768 mPa.s @ 20°C (68°F)
Molecular Formula:	F ₅ Sb
Molecular Weight:	216.74

[To Top of page](#)

SECTION 10 : STABILITY and REACTIVITY**Catalog No. L14204**

Conditions to Avoid:	High temperatures. Humidity.
Incompatibilities with Other Materials:	Water, bases, amines, alcohols. Reactive metals. Reactive monomers.
Possible Decomposition Product:	Antimony oxides, antimony fluorides. Hydrogen fluoride.

SECTION 11 : TOXICOLOGICAL INFORMATION**Catalog No. L14204****Antimony(V) fluoride :**

RTECS Number:	CC5800000
Eye Effect:	No data reported in the cited references as of the revision date.
Skin Effects:	No data reported in the cited references as of the revision date.
Ingestion Effects:	No data reported in the cited references as of the revision date.
Inhalation Effects:	Inhalation - mouse LC50: 270 mg/m3 [Lungs, Thorax, or Respiration - other changes Liver - other changes Kidney, Ureter, Bladder - other changes] (RTECS)
Chronic Inhalation Effects:	Inhalation - rat TCLo: 15 mg/m3/2H/15W-I Cardiac - changes in heart weight Liver - liver function tests impaired (RTECS)

[To Top of page](#)

SECTION 12 : ECOLOGICAL INFORMATION**Catalog No. L14204**

Ecotoxicity:	No data reported. Fluorides may be toxic or highly toxic to all aquatic organisms.
Bioaccumulation:	Fluorides have the potential to be bioaccumulated and/or bioconcentrated by aquatic organisms.
Biodegradation:	Antimony and fluoride salts are not expected to be biodegradable in the environment.
Environmental Stability:	Likely to be persistent in the environment.

SECTION 13 : DISPOSAL CONSIDERATIONS**Catalog No. L14204**

Waste Disposal:	Consult with the US EPA Guidelines listed in 40 CFR Part 261.3 for the classifications of hazardous waste prior to disposal. Furthermore, consult with your state and local waste requirements or guidelines, if applicable, to ensure compliance. Arrange disposal in accordance to the EPA and/or state and local guidelines, by a licensed disposal company.

SECTION 14 : TRANSPORT INFORMATION**Catalog No. L14204**

DOT Shipping Name:	Antimony pentafluoride
DOT Hazard Class:	8
DOT Identification Number:	UN1732
DOT Packing Group:	II
DOT Subpart E Labeling Requirement:	8, 6.1

SECTION 15 : REGULATORY INFORMATIONCatalog No. L14204

Antimony(V) fluoride :**TSCA 8(b): Inventory Status:** Listed on the TSCA inventory.**TSCA 12(b): Export Notification** None of the chemicals are listed under TSCA Section 12b.**Section 116.4 part 117: Clean Water Act** None of the chemicals in this product are listed as Hazardous Substances under the CWA. CAS# 7783-70-2 is listed as a Priority Pollutant under the Clean Water Act. CAS# 7783-70-2 is listed as a Toxic Pollutant under the Clean Water Act.**State:** Antimony pentafluoride can be found on the following state right to know lists: California, (listed as ** no name **), California, (listed as ** no name **), California, (listed as ** no name **), New Jersey, Florida, Pennsylvania, Minnesota, (listed as ** no name **), Minnesota, (listed as ** no name **), Minnesota, (listed as ** no name **), Massachusetts. California No Significant Risk Level: None of the chemicals in this product are listed.**Risk Phrases:** R14 Reacts violently with water.
R23/24/25 Toxic by inhalation, in contact with skin and if swallowed.
R35 Causes severe burns.
R51/53 Toxic to aquatic organisms, may cause long term adverse effects in the environment.**Safety Phrase:** S7 Keep container tightly closed.
S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S36/37/39 Wear suitable protective clothing, gloves and eye/face protection.
S45 In case of accident or if you feel unwell, seek medical advice immediately
S61 Avoid release to the environment. Refer to special instructions/Safety data sheets.[To Top of page](#)

SECTION 16 : ADDITIONAL INFORMATIONCatalog No. L14204

MSDS Preparation Date: January 1, 2002, Version 1**MSDS Revision Date:** April 14, 2003.**MSDS Author:** Actio Corporation.**Disclaimer:**

This Health and Safety Information is correct to the best of our knowledge and belief at the date of its publication but we cannot accept liability for any loss, injury or damage which may result from its use. We shall ensure, so far as is reasonably practicable, that any revision of this Data Sheet is sent to all customers to whom we have directly supplied this substance, but must point out that it is the responsibility of any intermediate supplier to ensure that such revision is passed to the ultimate user. The information given in the Data Sheet is designed only as a guidance for safe handling, storage and the use of the substance. It is not a specification nor does it guarantee any specific properties. All chemicals should be handled only by competent personnel, within a controlled environment. Should further information be required, this can be obtained through the sales office whose address is at the top of this data sheet. We welcome any additional information about our products that customers have obtained by personal experience.
