

## 1 Identification

### Product identifier

**Product name:** Palladium(II) sulfate dihydrate, Premion®

**Stock number:** 12165

**CAS Number:**

13444-98-9

**EC number:**

236-957-8

**Relevant identified uses of the substance or mixture and uses advised against.**

**Identified use:** SU24 Scientific research and development

### Details of the supplier of the safety data sheet

#### Manufacturer/Supplier:

Alfa Aesar

Thermo Fisher Scientific Chemicals, Inc.

30 Bond Street

Ward Hill, MA 01835-8099

Tel: 800-343-0660

Fax: 800-322-4757

Email: tech@alfa.com

www.alfa.com

**Information Department:** Health, Safety and Environmental Department

#### Emergency telephone number:

During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.

## 2 Hazard(s) identification

**Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)**

GHS05 Corrosion

Met. Corr. 1 H290 May be corrosive to metals.

Skin Corr. 1B H314 Causes severe skin burns and eye damage.

Eye Dam. 1 H318 Causes serious eye damage.

GHS07

Acute Tox. 4 H302 Harmful if swallowed.

Skin Sens. 1 H317 May cause an allergic skin reaction.

**Hazards not otherwise classified** No information known.

### Label elements

**GHS label elements** The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS)

#### Hazard pictograms

GHS05 GHS07

### Signal word

**Danger**

### Hazard statements

H290 May be corrosive to metals.

H302 Harmful if swallowed.

H314 Causes severe skin burns and eye damage.

H317 May cause an allergic skin reaction.

### Precautionary statements

P260 Do not breathe dust/fume/gas/mist/vapours/spray.

P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P301+P330+P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting.

P405 Store locked up.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

### WHMIS classification

D2B - Toxic material causing other toxic effects

E - Corrosive material

### Classification system

**HMIS ratings (scale 0-4)**

**(Hazardous Materials Identification System)**

**HEALTH** 3 Health (acute effects) = 3

**FIRE** 0 Flammability = 0

**REACTIVITY** 1 Physical Hazard = 1

### Other hazards

#### Results of PBT and vPvB assessment

**PBT:** Not applicable.

**vPvB:** Not applicable.

## 3 Composition/information on ingredients

### Chemical characterization: Substances

#### CAS# Description:

13444-98-9 Palladium(II) sulfate dihydrate

**Product name:** Palladium(II) sulfate dihydrate, Premion®

**Identification number(s):**  
**EC number:** 236-957-8

(Contd. of page 1)

#### 4 First-aid measures

**Description of first aid measures**

**General information** Immediately remove any clothing soiled by the product.

**After inhalation**

Supply fresh air. If required, provide artificial respiration. Keep patient warm.

Seek immediate medical advice.

**After skin contact**

Immediately wash with water and soap and rinse thoroughly.

Seek immediate medical advice.

**After eye contact** Rinse opened eye for several minutes under running water. Then consult a doctor.

**After swallowing** Seek medical treatment.

**Information for doctor**

**Most important symptoms and effects, both acute and delayed**

Causes severe skin burns.

Causes serious eye damage.

**Indication of any immediate medical attention and special treatment needed** No further relevant information available.

#### 5 Fire-fighting measures

**Extinguishing media**

**Suitable extinguishing agents** Product is not flammable. Use fire-fighting measures that suit the surrounding fire.

**Special hazards arising from the substance or mixture**

If this product is involved in a fire, the following can be released:

Sulfur oxides (SOx)

Metal oxide fume

**Advice for firefighters**

**Protective equipment:**

Wear self-contained respirator.

Wear fully protective impervious suit.

#### 6 Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

Wear protective equipment. Keep unprotected persons away.

Ensure adequate ventilation

**Environmental precautions:** Do not allow material to be released to the environment without proper governmental permits.

**Methods and material for containment and cleaning up:**

Use neutralizing agent.

Dispose of contaminated material as waste according to section 13.

Ensure adequate ventilation.

**Prevention of secondary hazards:** No special measures required.

**Reference to other sections**

See Section 7 for information on safe handling

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

#### 7 Handling and storage

**Handling**

**Precautions for safe handling**

Keep container tightly sealed.

Store in cool, dry place in tightly closed containers.

Ensure good ventilation at the workplace.

**Information about protection against explosions and fires:** The product is not flammable

**Conditions for safe storage, including any incompatibilities**

**Storage**

**Requirements to be met by storerooms and receptacles:** No special requirements.

**Information about storage in one common storage facility:**

Store away from strong bases.

Store away from oxidizing agents.

Store away from metals.

**Further information about storage conditions:**

Keep container tightly sealed.

Store in cool, dry conditions in well sealed containers.

**Specific end use(s)** No further relevant information available.

#### 8 Exposure controls/personal protection

**Additional information about design of technical systems:**

Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

**Control parameters**

**Components with limit values that require monitoring at the workplace:**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

**Additional information:** No data

**Exposure controls**

**Personal protective equipment**

**General protective and hygienic measures**

The usual precautionary measures for handling chemicals should be followed.

Keep away from foodstuffs, beverages and feed.

Remove all soiled and contaminated clothing immediately.

Wash hands before breaks and at the end of work.

Avoid contact with the eyes and skin.

Maintain an ergonomically appropriate working environment.

**Breathing equipment:** Use suitable respirator when high concentrations are present.

**Recommended filter device for short term use:**

Use a respirator with type P100 (USA) or P3 (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air-purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards.

**Protection of hands:**

Impervious gloves

Check protective gloves prior to each use for their proper condition.

(Contd. on page 3)

| <b>Solubility in / Miscibility with</b>                             |                 |
| Water:                                                              | Not determined  |
| <b>Partition coefficient (n-octanol/water):</b> Not determined.     |                 |
| <b>Viscosity:</b>                                                   |                 |
| dynamic:                                                            | Not applicable. |
| kinematic:                                                          | Not applicable. |
| <b>Other information</b> No further relevant information available. |                 |

**10 Stability and reactivity**

|                                                                                                                                       |  |
|---------------------------------------------------------------------------------------------------------------------------------------|--|
| <b>Reactivity</b> No information known.                                                                                               |  |
| <b>Chemical stability</b> Stable under recommended storage conditions.                                                                |  |
| <b>Thermal decomposition / conditions to be avoided:</b> Decomposition will not occur if used and stored according to specifications. |  |
| <b>Possibility of hazardous reactions</b> Reacts with strong oxidizing agents                                                         |  |
| <b>Conditions to avoid</b> No further relevant information available.                                                                 |  |
| <b>Incompatible materials:</b>                                                                                                        |  |
| Bases                                                                                                                                 |  |
| Oxidizing agents                                                                                                                      |  |
| Metals                                                                                                                                |  |
| <b>Hazardous decomposition products:</b>                                                                                              |  |
| Sulfur oxides (SOx)                                                                                                                   |  |
| Metal oxide fume                                                                                                                      |  |

**11 Toxicological information**

|                                                                                                                                                 |  |
|-------------------------------------------------------------------------------------------------------------------------------------------------|--|
| <b>Information on toxicological effects</b>                                                                                                     |  |
| <b>Acute toxicity:</b>                                                                                                                          |  |
| Harmful if swallowed.                                                                                                                           |  |
| Swallowing will lead to a strong corrosive effect on mouth and throat and to the danger of perforation of esophagus and stomach.                |  |
| <b>LD/LC50 values that are relevant for classification:</b> No data                                                                             |  |
| <b>Skin irritation or corrosion:</b> Causes severe skin burns.                                                                                  |  |
| <b>Eye irritation or corrosion:</b> Causes serious eye damage.                                                                                  |  |
| <b>Sensitization:</b> May cause an allergic skin reaction.                                                                                      |  |
| <b>Germ cell mutagenicity:</b> No effects known.                                                                                                |  |
| <b>Carcinogenicity:</b> No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. |  |
| <b>Reproductive toxicity:</b> No effects known.                                                                                                 |  |
| <b>Specific target organ system toxicity - repeated exposure:</b> No effects known.                                                             |  |
| <b>Specific target organ system toxicity - single exposure:</b> No effects known.                                                               |  |
| <b>Aspiration hazard:</b> No effects known.                                                                                                     |  |
| <b>Subacute to chronic toxicity:</b> No effects known.                                                                                          |  |
| <b>Additional toxicological information:</b> To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.  |  |

**12 Ecological information**

|                                                                                                          |  |
|----------------------------------------------------------------------------------------------------------|--|
| <b>Toxicity</b>                                                                                          |  |
| <b>Aquatic toxicity:</b> No further relevant information available.                                      |  |
| <b>Persistence and degradability</b> No further relevant information available.                          |  |
| <b>Bioaccumulative potential</b> No further relevant information available.                              |  |
| <b>Mobility in soil</b> No further relevant information available.                                       |  |
| <b>Additional ecological information:</b>                                                                |  |
| <b>General notes:</b>                                                                                    |  |
| Do not allow material to be released to the environment without proper governmental permits.             |  |
| Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. |  |
| Avoid transfer into the environment.                                                                     |  |

USA

**Product name:** **Palladium(II) sulfate dihydrate, Premion®**

**Other adverse effects** No further relevant information available.

(Contd. of page 3)

### 13 Disposal considerations

**Waste treatment methods**

**Recommendation** Consult state, local or national regulations to ensure proper disposal.

**Uncleaned packagings:**

**Recommendation:** Disposal must be made according to official regulations.

### 14 Transport information

**UN-Number**

**DOT, IMDG, IATA**

UN3260

**UN proper shipping name**

**DOT**

**IMDG, IATA**

Corrosive solid, acidic, inorganic, n.o.s. (Palladium(II) sulfate dihydrate)  
CORROSIVE SOLID, ACIDIC, INORGANIC, N.O.S. (Palladium(II) sulfate dihydrate)

**Transport hazard class(es)**

**DOT**

**Class**

**Label**

**Class**

**Label**

**IMDG, IATA**

8 Corrosive substances.

8

8 (C2) Corrosive substances

8

**Class**

**Label**

8 Corrosive substances.

8

**Packing group**

**DOT, IMDG, IATA**

III

**Environmental hazards:**

Not applicable.

**Special precautions for user**

**EMS Number:**

Warning: Corrosive substances

F-A,S-B

**Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code** Not applicable.

**Transport/Additional information:**

**DOT**

**Marine Pollutant (DOT):**

No

**UN "Model Regulation":**

UN3260, Corrosive solid, acidic, inorganic, n.o.s. (Palladium(II) sulfate dihydrate),  
8, III

### 15 Regulatory information

**Safety, health and environmental regulations/legislation specific for the substance or mixture**

**GHS label elements** The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS)

**Hazard pictograms**

GHS05 GHS07

**Signal word** Danger

**Hazard statements**

H290 May be corrosive to metals.

H302 Harmful if swallowed.

H314 Causes severe skin burns and eye damage.

H317 May cause an allergic skin reaction.

**Precautionary statements**

P260 Do not breathe dust/fume/gas/mist/vapours/spray.

P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P301+P330+P331 IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

P405 Store locked up.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

**National regulations**

All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory.

All components of this product are listed on the Canadian Non-Domestic Substances List (NDSL).

**SARA Section 313 (specific toxic chemical listings)** Substance is not listed.

**California Proposition 65**

**Prop 65 - Chemicals known to cause cancer** Substance is not listed.

**Prop 65 - Developmental toxicity** Substance is not listed.

**Prop 65 - Developmental toxicity, female** Substance is not listed.

**Prop 65 - Developmental toxicity, male** Substance is not listed.

**Information about limitation of use:** For use only by technically qualified individuals.

**Other regulations, limitations and prohibitive regulations**

**Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006.** Substance is not listed.

**The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the market and use must be observed.**

Substance is not listed.

**Annex XIV of the REACH Regulations (requiring Authorisation for use)** Substance is not listed.

**Chemical safety assessment:** A Chemical Safety Assessment has not been carried out.

**Product name:** **Palladium(II) sulfate dihydrate, Premion®**
