

SECTION 1: CHEMICAL PRODUCT and COMPANY IDENTIFICATION

Catalog No.
L09262

Product Name: **Dibromodifluoromethane, 97%**
Synonyms: Halon 1202

Manufacturer/Supplier Name: Alfa Aesar - A Johnson Matthey Company
Address: 30 Bond St.
Ward Hill, MA 01835

Business Phone: 978-521-6300
Business Fax: 978-521-6350
For information in North America, call: 978-521-6300

CHEMTREC Numbers:
For emergencies in the US, call CHEMTREC: 800-424-9300
For emergencies outside US, call INTERNATIONAL: (703)527-3887
For Nonemergency, call: (800)262-8200

SECTION 2 : COMPOSITION, INFORMATION ON INGREDIENTS

Catalog No. L09262

Chemical Name Dibromodifluoromethane
CAS# 75-61-6
% Weight (Typical) 97

[To Top of page](#)

SECTION 3 : HAZARDS IDENTIFICATION

Catalog No. L09262

Emergency Overview: The toxicological and physiological properties of this material have not been investigated. Use appropriate procedures and precautions to prevent or minimize exposure.

Dibromodifluoromethane:

Route of Exposure: Inhalation.

Potential Health Effects:

Eye Contact: No data

Skin Contact: May cause skin irritation.

Inhalation: Vapor may be asphyxiant, narcotic at high concentrations.

Ingestion: No data

Target Organs: Respiratory system. Liver. Kidney.

[To Top of page](#)

SECTION 4 : FIRST AID MEASURES**Catalog No. L09262**

Eye Contact:	Immediately flush eyes with plenty of water for at least 20 minutes. Assure adequate flushing of the eyes by separating the eyelids with fingers. Get immediate medical attention if irritation persists, or symptoms of overexposure become apparent.
Skin Contact:	Immediately wash skin with plenty of water for at least 20 minutes, while removing contaminated clothing and shoes. Get medical attention especially, if irritation develops, persists, or symptoms of overexposure become apparent.
Inhalation:	Remove to fresh air. If not breathing, give artificial respiration or give oxygen by trained personnel. Keep warm. Get immediate medical attention.
Ingestion:	If swallowed, call a physician or poison control center immediately. Never give anything by mouth to an unconscious person. Do not induce vomiting unless instructed by medical personnel. Get medical attention.

SECTION 5 : FIRE FIGHTING MEASURES**Catalog No. L09262**

Fire:	Material is not readily combustible.
Flash Point:	No data
Extinguishing Media:	Use an extinguisher suitable for the other materials involved.
Unsuitable Media:	Water extinguishers are not recommended.
Protective Equipment:	As in any fire, wear self-contained breathing apparatus pressure-demand, NIOSH (approved or equivalent) and full protective gear.

[To Top of page](#)

SECTION 6 : ACCIDENTAL RELEASE MEASURES**Catalog No. L09262**

Personal Precautions:	Use proper personal protective equipment as listed in section 8.
Spill Cleanup Measures:	Absorb spill with dry inert material such as dry sand, earth, or vermiculite, then place in suitable container. Refer to section 13 for proper disposal.
Environmental Precautions:	Do not allow material to enter drains or streams.

[To Top of page](#)

SECTION 7 : HANDLING and STORAGE**Catalog No. L09262**

Handling:	This product should be handled only by, or under the close supervision of, those properly qualified in the handling and use of potentially hazardous chemicals, who should take into account the fire, health and chemical hazard data. It should always be handled in an efficient fume hood or equivalent system. The user should consider that the toxicological and physiological properties of many compounds are not yet well determined and that new hazardous products may arise from reactions between chemicals. Care should be taken to prevent any chemical from coming into contact with the skin or eyes and from contaminating personal clothing.
Storage:	Store in a cold, below 5 degrees celcius, dry, well ventilated area away from sources of heat and incompatible substances. Keep container tightly closed and cold when not in use.
Hygiene Practices:	Wash thoroughly after handling. Avoid contact with eyes and skin. Avoid inhaling vapor or mist.

SECTION 8 : EXPOSURE CONTROLS, PERSONAL PROTECTIONCatalog No. L09262

Guideline Type:	OSHA PEL-TWA
Guideline Information:	100 ppm 860 mg/m3
Guideline Type:	ACGIH TLV-TWA
Guideline Information:	100 ppm 858 mg/m3
Guideline Type:	NIOSH REL-TWA
Guideline Information:	100 ppm 860 mg/m3

Engineering Controls:	Use appropriate engineering control such as process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Where such systems are not effective wear suitable personal protective equipment, which performs satisfactorily and meets OSHA or other recognized standards. Consult with local procedures for selection, training, inspection and maintenance of the personal protective equipment.
Skin Protection Description:	Wear suitable protective clothing to prevent contact with skin.
Hand Protection Description:	Wear appropriate protective gloves. Consult glove manufacturers for glove permeability data.
Eye/Face Protection:	Wear appropriate protective glasses or splash goggles as described by 29 CFR 1910.133, OSHA eye and face protection regulation, or the European standard EN 166.
Respiratory Protection:	A NIOSH approved air-purifying respirator with an appropriate cartridge or canister may be permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Protection provided by air purifying respirators is limited to airborne concentrations that are typically within 10 times the exposure limit. Use a positive pressure air supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection. A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirators use.
Other Protective:	Facilities storing or utilizing this material should be equipped with an eyewash facility and a safety shower.

Ingredient GuidelinesIngredient: Dibromodifluoromethane[To Top of page](#)

SECTION 9 : PHYSICAL and CHEMICAL PROPERTIESCatalog No. L09262

Physical State/Appearance:	Liquid
Color:	Colorless
Vapor Pressure:	815 mbar @ 20°C (68°F)
Vapor Density:	7.2 @ 25°C (77°F)
Flash Point:	No data
Boiling Point:	24-25°C (75.2-77°F)
Freezing Point:	-141°C (-221.8°F) (Ref:Sax)
Melting Point:	-142 to -141°C (-223.6 to -221.8°F)
Solubility in Water:	Immiscible
Density:	2.297
Evaporation Point:	>1 (n-butyl acetate = 1)
Molecular Formula:	CB ₂ F ₂
Molecular Weight:	209.83

SECTION 10 : STABILITY and REACTIVITY

Catalog No. L09262

Conditions to Avoid:	High temperatures.
Incompatibilities with Other Materials:	Strong oxidizing agents. Strong reducing agents. Alkali metals and other reactive metals.
Possible Decomposition Product:	Carbon monoxide. Hydrogen bromide. Hydrogen fluoride.

SECTION 11 : TOXICOLOGICAL INFORMATION

Catalog No. L09262

Dibromodifluoromethane :

RTECS Number:	PA7525000
Eye Effect:	No data reported in the cited references as of the revision date.
Skin Effects:	No data reported in the cited references as of the revision date.
Ingestion Effects:	No data reported in the cited references as of the revision date.
Inhalation Effects:	Inhalation - mouse LC50: 140 gm/m3/2H [Behavioral - rigidity (including catalepsy) Liver - other changes Kidney, Ureter, Bladder - other changes] (RTECS)

[To Top of page](#)

SECTION 12 : ECOLOGICAL INFORMATION

Catalog No. L09262

Ecotoxicity:	No information provided.
Bioaccumulation:	No information provided.
Biodegradation:	No information provided.
Environmental Stability:	No information provided.

SECTION 13 : DISPOSAL CONSIDERATIONS

Catalog No. L09262

Waste Disposal:	Consult with the US EPA Guidelines listed in 40 CFR Part 261.3 for the classifications of hazardous waste prior to disposal. Furthermore, consult with your state and local waste requirements or guidelines, if applicable, to ensure compliance. Arrange disposal in accordance to the EPA and/or state and local guidelines, by a licensed disposal company.

SECTION 14 : TRANSPORT INFORMATION

Catalog No. L09262

DOT Shipping Name:	Dibromodifluoromethane[, R12B2]
DOT Hazard Class:	9
DOT Identification Number:	UN1941
DOT Packing Group:	III
DOT Subpart E Labeling Requirement:	None

SECTION 15 : REGULATORY INFORMATIONCatalog No. L09262

Dibromodifluoromethane :**TSCA 8(b): Inventory Status:** Listed on the TSCA inventory.**TSCA 12(b): Export Notification** None of the chemicals are listed under TSCA Section 12b.**State:** Dibromodifluoromethane can be found on the following state right to know lists: California, New Jersey, Florida, Pennsylvania, Minnesota, Massachusetts. California No Significant Risk Level: None of the chemicals in this product are listed.**Risk Phrases:** NONE**Safety Phrase:** S23 Do not breathe vapor
S24/25 Avoid contact with skin and eyes.[To Top of page](#)

SECTION 16 : ADDITIONAL INFORMATIONCatalog No. L09262

MSDS Preparation Date: January 1, 2002, Version 1**MSDS Revision Date:** April 14, 2003.**MSDS Author:** Actio Corporation.**Disclaimer:**

This Health and Safety Information is correct to the best of our knowledge and belief at the date of its publication but we cannot accept liability for any loss, injury or damage which may result from its use. We shall ensure, so far as is reasonably practicable, that any revision of this Data Sheet is sent to all customers to whom we have directly supplied this substance, but must point out that it is the responsibility of any intermediate supplier to ensure that such revision is passed to the ultimate user. The information given in the Data Sheet is designed only as a guidance for safe handling, storage and the use of the substance. It is not a specification nor does it guarantee any specific properties. All chemicals should be handled only by competent personnel, within a controlled environment. Should further information be required, this can be obtained through the sales office whose address is at the top of this data sheet. We welcome any additional information about our products that customers have obtained by personal experience.
