

# Safety data sheet

according to 1907/2006/EC, Article 31

Revision: 17.08.2009

Printing date 01.07.2013

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### 1.1 Product identifier

Trade name

**Dichlorophenylborane**

Stock number:

32583

CAS Number:

873-51-8

### 1.2 Relevant identified uses of the substance or mixture and uses advised against.

Identified use:

SU24 Scientific research and development

### 1.3 Details of the supplier of the safety data sheet

Manufacturer/Supplier:

Alfa Aesar GmbH & Co.KG  
 A Johnson Matthey Company  
 Zeppelinstr. 7b  
 76185 Karlsruhe / Germany  
 Tel: +49 (0) 721 84007 280  
 Fax: +49 (0) 721 84007 300  
 Email: tech@alfa.com  
 www.alfa.com  
 Product safety Tel + +049 (0) 7275 988687-0  
 Carechem 24: +44 (0) 1235 239 670 (Multi-language emergency number)  
 Poison Information Center Mainz  
 www.giftinfo.uni-mainz.de Telephone: +49(0)6131/19240

Informing department:

1.4 Emergency telephone number:

## SECTION 2: Hazards identification

### 2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

GHS02 flame

Flam. Liq. 2 H225 Highly flammable liquid and vapour.

GHS05 corrosion

Skin Corr. 1B H314 Causes severe skin burns and eye damage.

### Classification according to Directive 67/548/EEC or Directive 1999/45/EC

C; Corrosive

R34 Causes burns.

F; Highly flammable

R11 Highly flammable.

R14 Reacts violently with water.

Information concerning particular hazards for human and environment:

Not applicable

Other hazards that do not result in classification

No information known.

### 2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008

Hazard pictograms

Signal word

Hazard statements

Precautionary statements

The substance is classified and labelled according to the CLP regulation.

GHS02, GHS05

Danger

H225 Highly flammable liquid and vapour.

H314 Causes severe skin burns and eye damage.

P210 Keep away from heat/sparks/open flames/hot surfaces. - No smoking.

P241 Use explosion-proof electrical/ventilating/lighting/equipment.

P303+P361+P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P405

Store locked up.

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

EUH014 Reacts violently with water.

Additional information:

### 2.3 Other hazards

Results of PBT and vPvB assessment

PBT:

Not applicable.

vPvB:

Not applicable.

## SECTION 3: Composition/information on ingredients

### 3.1 Substances

CAS# Designation:

873-51-8 Dichlorophenylborane

## SECTION 4: First aid measures

### 4.1 Description of first aid measures

General information

After inhalation

Instantly remove any clothing soiled by the product.

Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.

Seek immediate medical advice.

Instantly wash with water and soap and rinse thoroughly.

Seek immediate medical advice.

Rinse opened eye for several minutes under running water. Then consult doctor.

Seek medical treatment.

After eye contact

After swallowing

4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

## SECTION 5: Firefighting measures

### 5.1 Extinguishing media

Suitable extinguishing agents

CO2, sand, extinguishing powder. Do not use water.

For safety reasons unsuitable extinguishing agents

Water.

5.2 Special hazards arising from the substance or mixture

Reacts violently with water

If this product is involved in a fire, the following can be released:

Hydrogen chloride (HCl)

Carbon monoxide and carbon dioxide

(Contd. on page 2)  
DE/E

# Safety data sheet

according to 1907/2006/EC, Article 31

Printing date 01.07.2013

Revision: 17.08.2009

Trade name **Dichlorophenylborane**

(Contd. of page 1)

**5.3 Advice for firefighters**  
**Protective equipment:**

Boron oxide

Wear self-contained breathing apparatus.  
Wear full protective suit.

**SECTION 6: Accidental release measures****6.1 Personal precautions, protective equipment and emergency procedures**

Wear protective equipment. Keep unprotected persons away.  
Ensure adequate ventilation  
Keep away from ignition sources

**6.2 Environmental precautions:**

Do not allow material to be released to the environment without proper governmental permits.  
Do not allow product to reach sewage system or water bodies.  
Do not allow to enter the ground/soil.

**6.3 Methods and material for containment and cleaning up:**

Keep away from ignition sources.  
Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).  
Use neutralizing agent.  
Dispose of contaminated material as waste according to item 13.  
Ensure adequate ventilation.  
Do not flush with water or aqueous cleansing agents

**Prevention of secondary hazards:**  
**6.4 Reference to other sections**

Keep away from ignition sources.  
See Section 7 for information on safe handling  
See section 8 for information on personal protection equipment.  
See Section 13 for information on disposal.

**SECTION 7: Handling and storage****7.1 Precautions for safe handling**

Handle under dry protective gas.  
Keep containers tightly sealed.  
Store in cool, dry place in tightly closed containers.  
Ensure good ventilation/exhaustion at the workplace.

**Information about protection against explosions and fires:**

Protect against electrostatic charges.  
Fumes can combine with air to form an explosive mixture.

**7.2 Conditions for safe storage, including any incompatibilities**
**Storage**  
**Requirements to be met by storerooms and containers:**  
**Information about storage in one common storage facility:**

Store in cool location.

Store away from oxidizing agents.  
Store away from strong bases.  
Store away from water.

**Further information about storage conditions:**

Store under dry inert gas.  
This product is moisture sensitive.  
Protect from humidity and keep away from water.  
Keep container tightly sealed.  
Store in cool, dry conditions in well sealed containers.  
Store in a locked cabinet or with access restricted to technical experts or their assistants.  
No further relevant information available.

**7.3 Specific end use(s)****SECTION 8: Exposure controls/personal protection****Additional information about design of technical systems:**

Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

**8.1 Control parameters**
**Components with critical values that require monitoring at the workplace:**  
**Additional information:**

Not required.  
No data

**8.2 Exposure controls**
**Personal protective equipment**  
**General protective and hygienic measures**

The usual precautionary measures should be adhered to in handling the chemicals.  
Keep away from foodstuffs, beverages and food.  
Instantly remove any soiled and impregnated garments.  
Wash hands during breaks and at the end of the work.  
Avoid contact with the eyes and skin.  
Maintain an ergonomically appropriate working environment.  
Use breathing protection with high concentrations.  
Check protective gloves prior to each use for their proper condition.  
The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

**Breathing equipment:****Protection of hands:****Material of gloves****Penetration time of glove material****Eye protection:**

Impervious gloves  
Not determined  
Tightly sealed safety glasses.  
Full face protection  
Protective work clothing.

**Body protection:****SECTION 9: Physical and chemical properties****9.1 Information on basic physical and chemical properties****General Information****Appearance:**

**Form:** Liquid  
**Colour:** Colourless  
**Smell:** Acrid  
**Odour threshold:** Not determined.

**pH-value:** Not determined.

**Change in condition**

**Melting point/Melting range:** 7 °C  
**Boiling point/Boiling range:** 175 °C  
**Sublimation temperature / start:** Not determined

**Flash point:** 14 °C  
**Inflammability (solid, gaseous)** Not determined.  
**Ignition temperature:** Not determined

|----------------------------------------------------------|------------------------------------------------------------------------------|
| <b>10.1 Reactivity</b>                                   | Reacts violently with water.                                                 |
| <b>10.2 Chemical stability</b>                           | Stable under recommended storage conditions.                                 |
| <b>Thermal decomposition / conditions to be avoided:</b> | No decomposition if used and stored according to specifications.             |
| <b>10.3 Possibility of hazardous reactions</b>           | Reacts violently with water                                                  |
| <b>10.5 Incompatible materials:</b>                      | Oxidizing agents<br>Bases<br>Water/moisture                                  |
| <b>10.6 Hazardous decomposition products:</b>            | Carbon monoxide and carbon dioxide<br>Hydrogen chloride (HCl)<br>Boron oxide |

**SECTION 11: Toxicological information**

|                                                                   |                                                                                                                                |
|-------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------|
| <b>11.1 Information on toxicological effects</b>                  |                                                                                                                                |
| <b>Acute toxicity:</b>                                            | Swallowing will lead to a strong caustic effect on mouth and throat and to the danger of perforation of esophagus and stomach. |
| <b>LD/LC50 values that are relevant for classification:</b>       | No data                                                                                                                        |
| <b>Skin irritation or corrosion:</b>                              | Causes severe skin burns.                                                                                                      |
| <b>Eye irritation or corrosion:</b>                               | Causes serious eye damage.                                                                                                     |
| <b>Sensitization:</b>                                             | No sensitizing effect known.                                                                                                   |
| <b>Germ cell mutagenicity:</b>                                    | No effects known.                                                                                                              |
| <b>Carcinogenicity:</b>                                           | No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.        |
| <b>Reproductive toxicity:</b>                                     | No effects known.                                                                                                              |
| <b>Specific target organ system toxicity - repeated exposure:</b> | No effects known.                                                                                                              |
| <b>Specific target organ system toxicity - single exposure:</b>   | No effects known.                                                                                                              |
| <b>Aspiration hazard:</b>                                         | No effects known.                                                                                                              |
| <b>Additional toxicological information:</b>                      | To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.                              |

**SECTION 12: Ecological information**

|                                                |                                                                                                                                                                                                                                                                                                                                 |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>12.1 Toxicity</b>                           |                                                                                                                                                                                                                                                                                                                                 |
| <b>Aquatic toxicity:</b>                       | No further relevant information available.                                                                                                                                                                                                                                                                                      |
| <b>12.2 Persistence and degradability</b>      | No further relevant information available.                                                                                                                                                                                                                                                                                      |
| <b>12.3 Bioaccumulative potential</b>          | No further relevant information available.                                                                                                                                                                                                                                                                                      |
